GROUND TENTS			A	B			
<p>Pop 'N' Work Ground Tents are set up by popping out the two side wall tension frames. There are two basic Ground Tent designs.</p> <p>1. GS TENTS : The back wall is fastened to a tubular ground strut.</p> <p>2. FX TENTS : There is a telescoping ' X ' frame in the back wall. The 10' X 12' tent is FX only.</p> <p>3. Ground Tent design alternatives different from those listed on the price sheet can be quoted.</p> <p>The back side of the price sheet has complete FX Tent pricing and pricing for special tent designs.</p>			HIGH VISIBILITY SAFETY GREEN PANELS ON TWO SIDES.
